PREVENTING BOVINE SCOURS

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

STATEMENT OF PUBLIC AVAILABILITY OF BIOLOGICAL MATERIAL

I, David L. Marks, Registration Number 37,881, am the duly appointed attorney of record for the above referenced patent application.

I, hereby state, that the biological material in the above referenced patent application are *Escherichia coli* strains B41, B42, B44, and B117 and have been deposited with American Type Culture Collection, 10801 University Boulevard, Manassas, VA 20109 on May 6, 2004. The ATCC Deposit Numbers are as follows:

*E. coli* strain B41 – ATCC Deposit Number PTA-5951

*E. coli* strain B42 – ATCC Deposit Number PTA-5952

*E. coli* strain B117 – ATCC Deposit Number PTA-5953

*E. coli* strain B44 – ATCC Deposit Number PTA-5954

American Type Culture Collection is an International Depository Authority under the provisions of the Budapest Treaty.

All restrictions upon public access to the deposit will be waived should a U.S. Patent be issued citing the deposited biological material. While the American Type Culture Collection acknowledges that the deposited biological material was viable, should the culture die, be destroyed, or unviable samples cannot be dispensed during the effective term of the deposit, the Applicants will replace the deposited biological material.

Respectfully submitted,

David L. Marks  
Attorney for Applicants
